Your Memo No. 603 of 25th April.

I am indeed sorry that you have been humbugged by 6206's bodies.

6206 was horrified to find that his people had taken matters into their own hands and he has asked me to apologise.

You can be quite certain that if any other bodies are sent up to you it will be made quite clear to them in their brief that they are under your authority and must not make any changes in their operational instructions without your prior approval.
