(U) Showtime Movie a Hit

Although this edition of *What's News* went to press too early for us to know the show's ratings, In the Company of Spies, which aired on Showtime on October 24, received rave reviews from *TV Guide*, as well as from the 50 Agency employees who served as extras in the film.

Lead actor Tom Berenger recently sent a letter apologizing for not being able to attend the second showing of the movie at the Agency; he and his wife had to fly back to Mexico for their child's ear and throat surgery. He asked us to share the following sentiments with our readers: "Thanks to all you Shadow Warriors for your kind hospitality, support, and help in research during my visits to the Agency and auspicious presence at the premiere. I apologize for not being able to attend the second screening and beyond that, all I can say is, 'I neither confirm nor deny!' Your cohort, Tom Berenger"
