1. [ ] Sep 62, [ ] counted 20 Soviet trucks towing 20 long trailers going west on Avenida 23. The truck convoy was preceded by a jeep containing militiamen. The trucks were driven by Soviets in civilian clothes -- short-sleeved shirts in various colors.
2. As the truck convoy neared its destination at Campo Libertad, the militia jeep was waved off, and the Soviet trucks and trailers proceeded into Campo Libertad.
3. The trucks appeared to be the 6x6, ZIL-157, canvas-covered. [ ]  
[ ] In the backs of the trucks could be seen sealed black boxes or cases of various sizes.
4. The trailers, [ ] were two-axle, four-wheeled. They were about 65 to 70 feet in length and about eight feet in width.
5. [ ] the transport trailers were carrying large missiles, so long that the tail end extended over the end of the trailer. [ ] that the missiles were a few feet longer than the trailers. The missiles were covered with wood and canvas. From the tail end of the missile it looked as if the bottom and two sides of the missile had a wooden frame, and the entire missile was canvas-covered. It looked as if the tail end of the canvas silhouetted the two top fins of the four fins of the missile. The top of the canvas-covered missile was taller than the top of the truck towing it. [ ]
