

Journal - Office of Legislative Counsel
Tuesday - 18 October 1977

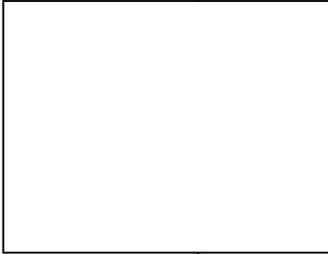

(b) (3)

7. (Unclassified -) LIAISON Called Gwen Pritchard, in the office of Representative Ike Skelton (D., Mo.), concerning her request that we provide more readable copies of the documents we furnished to the Congressman on the attack on the USS Liberty. The documents were unreadable due to the fact that they were copies from old microfiche. I told her that we were typing out the text and would forward it to her since we could not make any better copies.
