(b) (3)

Assistant Director, OSI

1 June 1950

The Chairman of JMSIC

Additional Working Committees for SIC. Reply
to Memo of May 22, 1950

The JMSIC cannot recommend additional working committees until the members of this committee have had time to review and discuss an outline of medical intelligence proposals for consideration. Copies of the subject papers were received today and will be distributed to the members.

The Chairman of the JMSIC received unofficial notice that Dr. Arthur Turner was selected by the S.G.O. of the Army, to serve as a regular member of the committee instead of Dr. Louis F. Woodruff who will serve as the alternate member.

Official approval of this change will be appreciated. Dr. Turner has been adequately cleared.

APPROVED FOR RELEASE
DATE: MAR 2007
