Dear Mr. Kengel:

For the last two weeks I have been waiting for your presence in Amman instead of writing you this letter, but since your arrival might be delayed I might as well write you now.

The first thing I wanted to tell you is that Mr. Sobozhov Karim is in Jordan, and might stay here for a couple of months. I have been trying to watch and hear his lies and promises and actions, and here some of the things I heard:

- 1) All these things were told to some of our refugees and I wonder how many were affected by his lectures.
- 2) He can take refugees to the USA without the help of TF, all expenses covered.
- 3) I heard that he will or is registering the names for emigration.
- 4) He told the refugees that they are afraid to question your actions during your stay in Amman.
- 5) That you are only hunting with Rifaat Bey, that you do not bother to look after the refugees. And that the refugees do only hear that you were in Amman, and they should not be afraid any more to question.
- 6) That if he told TF New York they would do something about and might even make a replacement.
- 7) The things I been called or heard about myself is not very important any more, but one of the most interesting things, he said about me is, that I am working for the Russian who killed our grandfathers and drove us out of Russia. (He referred to me personally, about my grandfather, but of course, he meant all the Circassians).
- 8) He said many more things, but now I suggest that when you come to Amman you and Rifaat Bey make a meeting with all the refugees WITHOUT MY PRESENCE and I will name few I like to see come to the meeting so they can understand from you and Rifaat many of the ways our office is operating.

Now before I end my letter, I like to have a leave away from the office at least for a week, the last month I have been in a status of complete indifference to myself or my work. I was not able to put myself to work, as a matter of fact it happened to me that I almost lost interest in my own self. What I need is to forget a little about work and if you tell me when you expect to be in Amman I can arrange with Mr. Balian to see me if any serious problem comes out. I am sorry to say this, but as you might know my work might have been strange since you went back to Beirut, but I just could not help it.

I will await your answer very anxiously.

Sincerely yours,

Sh. Beytoughan
