NOTE:

Eddie Walsh came with AACL (CAT) in 1952 and retired in 1970 at the
age of 74. He is an enthusiastic and very capable mechanic - a
resourceful innovator who ran engine and propellor shops for us at
various times. He was assigned to me in Brazil in 1937 by Curtiss-
Wright Corporation as a tech-rep on engines. Eddie is acquainted world-
wide.
