

MEMORANDUM

(S) Nov. 2

TO : Counsel-WAS via NEBR  
FROM : DP via President  
SUBJECT: Eugene DeBruin - Personal Effects

DATE: October 2, 1964

REF. No. PND-DP-64/2443-S

References: WC-64-2867

Attached is a copy of the inventory list of personal effects of Eugene DeBruin. Technically, these are in the custody of the U.S. Consul in VIE, but as a practical matter they are stored in the Company's supply room. We do not expect any problems in shipping them to Mr. DeBruin's father as he has requested, but first we would like for him to confirm that he wants us to do this after reviewing the inventory list. There seems to be nothing of real value included in the personal effects, and many of the items would be useful if Mr. DeBruin returns to VIE.
