REF. No. PND-DP-65/2254

SUBJECT: Board of Review Meeting

On September 24, 1963, a board of review meeting was held in connection with the aircraft, B150, accident. In that meeting it was determined that... "Unless and until additional evidence is received, each of the employees will be considered as missing in line of duty and will be entitled to a benefit equal to current monthly compensation (specified below for each individual case) for the period during which he is missing, captured or interned until the total benefit paid or payable by the Company has attained an amount equal to the death benefit prescribed for extra-hazardous duty set forth in Sub-paragraph A.2.b. of the above mentioned Personnel Manual Section (specified below for each individual case), in accordance with Sub-paragraph B.1.a. of the same section. Such benefits will begin as of September 6, 1963, and will be paid by check to the beneficiaries indicated on the Company prescribed Beneficiary Form. The first check will be transmitted to each beneficiary with a letter explaining the reason and basis for the payment, the total amount to be paid in the event the individual remains missing indefinitely or until proof of death is received, the date when payments will cease in the event the individual remains missing indefinitely, and the payee's responsibility for providing an accounting for this benefit in the event evidence is received that death occurred prior to the date any such payment was made."

The payments to Y. C. To's beneficiaries will cease on August 31, 1965. Had payments been made to Eugene DeBruin's beneficiary as planned, these would also cease as of Aug. 31, 1965. It is felt that a review board meeting would be appropriate prior to cessation of these payments. Your presence is requested at a meeting in the Conference Room at 1600L on Thursday, July 22, 1965.
