MEMORANDUM

TO: CPP

FROM: []

SUBJECT: Amendment to DTLINEN

1. As I understand it, DTLINEN is basically a very covert operation, and its seemingly overt aspects are merely being performed to recruit agents. In addition the processing of various ~~refugees~~ serves as an excellent cover, etc. [] of OPS has assured us that an excellent job is being done by this operation.

2. Paragraph 6 of the 29th of June memorandum, which is attached to [] is probably incorrectly emphasized. The writer, I have been informed, mentioned the various types of information-gathering services, which, in fact, is only a by-product of the operation. It appears to me that the amendment to the project which is now awaiting the appropriate signatures is worthy of approval.

3. Certain phases of the operation will probably tie in with an SOP for defectors when it is properly worked out.

4. I believe [] should sign for [] as PO.
