2. Connemara proceeded to the holding area in which Grandopera and Grallatory have been set up in order to assist them in debriefing Barbital on the results of his mission. Connemara reported back that Barbital's friend, who came out of Poland with him, does not appear to be the representative of a large, well-organized group, but simply a member of a very small group of anti-government Poles who are under the influence of a priest in Ribnik. It is not possible to estimate the value of this group until debriefing has been accomplished. A full report on the Veronal project will be prepared within the next few days.
