SUBJECT Josef Ferdinand MENKE and Ernst Hans DOERPINGHAUS			DATE 2 April 1953
<p><b>PERTINENT INFORMATION</b></p> <p>Information on subject, Dr. Ing. Frank FRUENGEL, is extracted verbatim from the above referenced document.</p> <p>"The fact that Doerpinghaus and Menke are also working on a "light trigger for torpedoes" (a homing device or fuse, which may be designed to operate either on the infra-red end of the spectrum or on the ultra-violet.) This seems to be identical with the "Leuchtfisch" being developed by a German engineer, Dr. Frank FRUENGEL, on behalf of the Navy under the supervision of [ ] of Dyclairn. As a matter of fact, FRUENGEL has requested that he be paid for his work in Swiss francs in Switzerland, and you narrowly avoided being called upon to make depositis to his account in Zurich. Efforts are being made to explore the possible connection of FRUENGEL with Menke and Doerpinghaus; so far the only evidence seems to be the fact that they are both peddling similar devices."</p> <p align="center"><b>MATERIAL IN THIS FOLDER IS FILED IN CHRONOLOGICAL ORDER</b></p> <p align="right">DECLASSIFIED AND RELEASED BY CENTRAL INTELLIGENCE AGENCY SOURCE METHOD EXEMPTION 382B NAZI WAR CRIMES DISCLOSURE ACT DATE 2006</p> <p align="center"><b>SECRET</b> SECURITY INFORMATION</p>
