Developmental Project CANAKIN

REFERENCE: KINA-876

1. Prior to approving the CANAKIN project we should like you to submit form SI-67. Referenced letter states that this form is not being forwarded because detailed information has been previously submitted. It is true that a great deal of background information is available. However, the only vetting information we can locate in the files here is the old XYZ form dated 4 April 1946. That form did not provide as complete information as the SI-67 requires. We should like up to date information, for example, on CANAKIN's present marital status, residence, occupation, salary, identity papers, etc.

2. It is the considered opinion here that CANAKIN does not rate payment of his monthly salary in U.S. dollars. Perhaps at a later date if his services are deemed worthy of it, such payment may be made. For the present, however, we recommend payment in DM's. We are not suggesting the amount of such payment since it is not known what other employment CANAKIN has or the amount of his income.

3. We agree with Karlsruhe that CANAKIN is not entitled to our aid in getting to Argentina notwithstanding the fact that he has been in our employ a number of years. He should not forget that it was because of our protection that he evaded the twenty year sentence in Paris.
