SUBJECT: Retiring of CE Control Cards to RI

2. These 5" by 8" cards reflect intelligence activity and biographic data on personalities who were of CE interest during the World War II period. The personalities included in the group are Yugoslavs and a limited number of Germans who were in some way connected with German intelligence activity in Yugoslavia during the World War II period.

NOTE:

The aforementioned cards were microfilmed and are now contained on reel number 2662. The cards were then sheared to 3x5 size, overprinted with the same file number as this document bears, and integrated into the main RI Index.
