Field Contact with U. S. Army's Special Forces

Reference: **EGMA 32587, 7 March 1958.**

Action Required: **None. For your information.**

1. Although we believe that the orientational contact which you have had with the Special Forces Group in Bad Toelz has been both useful and proper, we question the advisability of extending the liaison to the type of temporary duty indicated in reference. Since [redacted] is already familiar, by virtue of previous experience, with the Special Forces, we doubt that KUBARK would gain much through the proposed two-week tour of active duty with the Bad Toelz unit.

2. For COS, Vienna: If you decide to authorize reference proposal, we presume that you will stipulate that no commitments can be made on a local level on behalf of KUBARK and that caution must be exercised in substantive discussions on stay-behind matters.
