11. I passed our Blue #29580 on Lothar GREIL and his apparent possession of CALLIKAK material. FLEMING replied that he was aware that GREIL was getting CALLIKAK, but that he wasn't getting it from CATIDE. Instead, he gets it from a close friend of his, possibly Curt BORTTIGER, in the LKA, which apparently gets it from the local LfV, which apparently gets it from ODOPAL. FLEMING said he had nothing whatsoever against our shutting off this material, all the more so since the LKA is not supposed to get the material in the first place. Regarding GREIL, FLEMING said that he may resign from CATIDE during the next months. He has no prospect of becoming a staffer and this leaves him little possibility of advancement. FLEMING said this was regrettable in a way since GREIL had some very valuable contacts especially in Austria.
