Harvard FY 64

PROJECT BRIEFING

PROJECT: HARVARD EE - Germany  
ACTION : ADDP approval of renewal 1 Jul 63 - 30 Jun 64

PURPOSE: Project supports a facility for the resettlement and rehabilitation of defectors and agent personnel. Project is responsible for all DRC cases and its services are available to other Agency components and to other U.S. intelligence agencies in the European area.

PROG-  
RESS : There has been a decrease in the number of agents sent to HARVARD in FY 63 and in the number of defector dependents. As a result the number of case officers has been reduced from four to two and project costs decreased. In the period 1 July 62 - 31 March 63 24 defectors or agents and their dependents were resettled. Project has settled 1047 cases since its inception in 1953.

PROBLEM: If State Department withdraws USEP funds HARVARD will be faced with an increased burden in the resettlement of CIA cases. This is particularly important in the case of USEP support to American Friends of Russian Freedom (CIA support in Project CAMANTILLA).
