3. The following data has been acquired from a variety of sources and is provided for your information:

- a. Subject is not yet a Canadian citizen.
- b. Subject resigned from his place of employment in Canada in order to devote himself entirely to the lecture tour. In this conjunction he has indicated an interest in finding suitable employment in the United States.
- c. While in contact with various Estonians in the Baltimore and Washington, D.C. areas, Subject stated that he maintains clandestine contact via secret writing with individuals residing behind the Iron Curtain who keep him apprised of up-to-date developments. Subject implied that he was willing to share this information with responsible Estonians in the United States.
- d. Subject, in addition to attempting to visit the largest possible number of individuals within the Estonian emigration, has tried to obtain the names and addresses of various individuals with whom he has come into contact during his visit.
- e. Subject's visit to the United States was facilitated and sponsored by Elmar KEERD, born 23 March 1912, who lives at 30-70 34th Street, Long Island City 3, New York, telephone YE 2-7124, who, in 1940, was appointed by the communists to serve as a "people's judge" when the Soviets occupied Estonia. KEERD has gained prominence among the Estonian emigration in the United States by reportedly authoring and circulating slanderous denunciations of individuals, and by sponsoring dissident organizations which have had, as their sole purpose, the creation of splinter-groups among the established Estonian emigre organizations.
