1. Headquarters files contain no additional information on Karl HAHNS or Erich LAPINS

2. Franz-Josef HUBER - According to MASA-604, 10 July 1951, HUBER was a very close friend of Heinrich (Gestapo) HUELLER, they had come up together from the Police ranks and remained close friends. HUBER is also mentioned in EGMA-5773, 22 May 1953 and related correspondence which concerned Johann SANITZER

3. We would be interested in knowing what the CATIDE interest in HUBER is. Perhaps a Fleming would care to comment.
