Acting Chief, Foreign Division H

Operational Clearances

Stepbehind V/F Operations

1. We wish to remind the field that, in addition to the normal operational clearances required for agents who are in direct contact with American staff officers, anyone who is to receive V/F training must have complete operational clearance before he can be given intermediate and advanced training. This means that we must have PRPs parts I and II for all prospective V/F trainees.

2. We are particularly concerned about members of our Greek operations whom you might be considering in your stepbehind planning. We have not adequate information on any of them (excepting the head agents) to obtain the necessary clearances should they become active in any stepbehind or other radio work.
