Operational/REDOAP

KIBITZ 15 et al

REF: EGQA-24188; EGBA-8163; EGMA-1655

We would like to take a closer look at the KIBITZ 137 leads, provided contact can be arranged with a minimum of complications. Recent local checks show that Identity 3 of Reference #1 is not registered locally, although Identity 5 has been since 1 Jan 1951. Since a connecting link of relationship and acquaintance can be assumed to exist between Identities 2, 3 and 5, we feel that a letter of introduction from KIBITZ 137 to Identity 5 would be the simplest way to make contact with the operation from here. The letter should contain a statement as to the trustworthiness of bearer, and his competence to inquire into and handle matters of this nature. With this letter in our possession, BOB can arrange for a local CO or contract type to enter the case.
