CAPELIN

SC Munich

CAPELIN is a recent acquisition of SC Munich, having been an FR agent for Operation BELLABONNA. His present assignment is the reporting of information on the RIS which is in the possession of SB/OUN, and keeping us informed on those aspects of Ukrainian affairs which are of interest for our operational purposes. He was moved by us on 17 May 1947 from Salzburg to Munich.

CAPANEUS has asked subject to take over the counterintelligence section of SB/OUN. Subject was at one time CAPANEUS' chief in SB/UPA. Although subject described himself last December as district AEN chairman in Salzburg and chief of security for all AEN, and was reported in November 1946 to be vic e-president of the southern division of AEN, Salzburg, it has since been learned that in fact that he has been living removed from the main Ukrainian organizations since the war's end.

Subject is expected to give us better coverage on Ukrainian affairs than CAPANEUS and CANAAN, who have refused agent status, preferring to "cooperate" with the Americans.
