KOZMA, FERENC

1. According to [B], nothing more has been heard by the [B.] informant concerning the meeting which was tentatively scheduled for 28 April. However, at [] request, [B] has finally produced a recent but undated photograph of Ferenc KOZMA, who is known to recipients of this dispatch. The thermo-fax reproduction which accompanies this dispatch in the interests of speedy dissemination is a rather good copy of the original photograph received []. The exaggerated streak of white hair which is clearly visible has become less noticeable as KOZMA's hair has become generally grayer. However, [] knows from personal observation that the photograph is a good likeness of the man.

2. As [] recalls, KOZMA is about 5' 7" tall, weighed about 150 pounds when [] saw him and appeared to be of medium to slender build. [] remembers having been struck by KOZMA's very casual dress (hatless, tieless, with coat much resembling that in the photograph). [] is unfortunately unable to say whether or not KOZMA's dress on that occasion merely represented a studied attempt on KOZMA's part to appear to be a worker. However, inasmuch as KOZMA was in a heavily-traveled part of the city during a rush hour (that is, at a time when he could expect to encounter compatriots who know him as a leader of sorts), it would seem that he may not give much attention to his appearance.
