1. Subject of para 1 of reference letter is V-7630 whose true identity could not be determined before (see EGLA-136 of 12 Sept 52). V-7630 was fully documented not only under the alias mentioned therein, but also under the covername given in reference letter. Subject, who has been connected with ZIPPER as far back as 1950 if not earlier, is a tipper and agent leader of Dienststelle 161, Zweigstelle 1. We have not been informed about the reasons which prompted Dienststelle 161 to submit a name trace request on subject at this late date.

2. Subject of para 2 of reference letter is V-8607 who started his activity for Dienststelle 161 on 1 March 1954. V-8607, who was recruited by V-7048, has had no previous IS experience. Dienststelle 161 plans to use him as a tipper-liaison man to German industrial circles.
