

30 November 1950

MEMORANDUM FOR: II/OS
SUBJECT: Alfreds Laumags
REFERENCE: Memo of October 3, 1950 requesting Provisional
Operational Clearance

1. A Provisional Operational Clearance for subject was requested in reference memo. Upon checking with your office last Friday, it was found that the indices check had been received on subject but the requested clearance was not issued due to lack of justification.

2. We believe justification exists in the fact that subject is the main operational contact for the implementation of Project ZRLYNCH which was approved in August. Nothing can be done to implement this project in the field which is considered operationally most important until a Provisional Clearance on subject is issued.
