RE : MGEA 7445

1. JEP is not interested in engaging the services of subjectnet. Of the four Yugoslavs listed as representatives and leaders of the movement HQ has traces on three; namely Jakob LJOTIC, Vladimir LENAC and Ratko PAREZANIN all of whom were connected with the Serbian Fascist organization EBOR which collaborated with the Germans and are wanted by the Yugoslav Government as War Criminals. Our records show that the surrender of the first two has been agreed upon by the State Department.
2. Info on LJOTIC.
3. Vladimir LENAC according to information appearing in JORBA on 31 March 1945 was student at the Kalservald Schule for training agents to be dropped into Yugoslavia for sabotage purposes. The same article stated that subject led a group of Nedlic soldiers and Mihailovic Cetniks out of Serbia to Graz just before the Partisans took Belgrade. A source of fair reliability stated that subject was responsible for the killing of 172 peasants in Seja Rijeka a Serbian village, who were members of the National Movement of General Mihailovic.
4. Info on Ratko PAREZANIN.

1. Attached is a CIG Region IV Report (IV-6115) subject; "Yugoslav Con- sulate in Munich- Activities".
2. F info forwarded for your information since CIG believes that LENAC and OBRADOVICH may be working for an American intelligence agency (7821st Composite Group).
3. In March 1949 our CIG Liaison officer forwarded to us a report on a Yugoslav intelligence net being offered by LENAC, LJOTIC, and RENEK PAREZANIN for some \$10,000. This offer was sent to Washington for the possible interest of JEP who replied they were not interested. Washington at the same time forwarded the following information". Then follows verbatim transcription of contents of above pouch.
4. Request for the report mentioned in Para 3.

To COS KARL from POB

Title-- ODEUM - Yugoslav Intelligence Net

RE: MGEA 9283

1. We have checked with ODEUM on the personalities in reference communication. Vladimir LENAC born 23 Oct 1911 is an agent of Odeums Organization 66.
 2. Your information on LENAC is interesting on two counts: the light Wash- ington has shed on his previous activities (and which we feel is probably not entirely known to ODEUM) and his offer to furnish a Yugoslav intelligence network for \$10,000. In view of LENAC's agent status, we wish we were in a position for us on loan basis the report mentioned in your Para 3 and 8. [
- [] will be in touch with the head of Organization 66 within the near future
