1. We are attaching herewith copies of EGNA-23941 dated 5 November 1956 and BGLA-20006 dated 20 July 1956 from Subject's file (E J) which may be of interest to you and which may no longer be available in MLB files. Additionally, the file contains a lengthy list of Munich documents, ranging in date from November 1950 to April 1958. None of these documents are in the file.

2. Subsequent to November 1956, file indicates CATIDE requested ops interest traces, including Service traces, on Subject on 16 September 1963. In response, A-2 reported that their interest in Subject was discontinued on 20 September 1956 because of derogatory information, "that he joined the Communist Party in 1945 and has had his office searched twice by the State Defense Department, but no evidence of clandestine activities were found." CBI reported that all information on Subject in their files was obtained from Central Registry in November 1955. 513th reported negative traces.
