"I have learned confidentially that the Council of Ministers held  
a meeting 4 days ago with the King presiding and discussed the expansion  
of economic relations with Germany. The King, to be sure, expressed

the Council of Ministers, he stated, however, that considerably more

authorized to communicate with the Junkers firm about the expansion of  
the I. A. R., the airplane factory at Kronstadt. I shall revert to  
this in another connection.
