Operational CASE FROM QCBROIL RFE Security  
Petru CONSTANTINESCU

Ref: EGIA-2423 (Not to MOB)

1. In the course of looking into Petru "Titu" CONSTANTINESCU & SOGDAN's reported current activities for the Yugo IS and in trying to establish the identity of (Alexandru BOTEL) & Alexandru GHEORGHIU we came across the attached intercept from CONSTANTINESCU to Paul GHEORGHIU in Munich.

2. It indicates that CONSTANTINESCU is working with the Yugo IS and that he was definitely in on the activities of paras. 4 b and 4 c. [ ] ref. C. obviously was trying to recruit GHEORGHIU away from "Free" (RFE) and induce him to move first alone then with his family to Yugo., where he would be the "first Romanian to contact all newcomers and take direct anti Communist action inducements to include 'independent work, program at your discretion, adequate food and better pay'.
