 3. In addition BVS also has some rather low-level CI sources most of them in the UV of V-5300. According to some reports which we have received the latter is somewhat of an intelligence peddler; we intend to maintain as close a check on his activities and connections as existing facilities permit. His sources are, for the most part, low paid and their reporting is used only operationally by ZIPPER, none of it being disseminated.

Analyst Comments: V-5300 is code for Heinrich von MAST
