SUBJECT: DO Records Pertaining to Dr. Joseph Mengele (U)

              B. OGC Memorandum 85-50363, 1 February 1985 (U)

1. Attached is a set of ten documents which have been redacted and may be forwarded to Senator D'Amato via OLL. In the event the SSCI requests to see the same documents, a duplicate set and their full text versions is attached for passage to the SSCI. Due to the sensitivity of some of the documents, we request the full text copies be shown to the SSCI only in the presence of an Agency officer and then immediately returned to Agency custody. (U)

2. An extensive search of the files concerning the alleged aliases of MENGELE failed to surface any documents other than those already shown to Senator D'Amato. (U)

3. Two predecessor documents (No. 9 and 10) list the name MENKE, which was not included in Reference as an alias of MENGELE; nevertheless, we had it traced after the name appeared

in an earlier news article. It is doubtful that the "Dr. Mengele" mentioned in Document No. 8 is identical with the Subject. The same can be said for Documents No. 9 and 10. (U)
