MEMORANDUM FOR: PP/OPS  
VIA: SE/CPP  
SUBJECT: Daily Progress Report for Thursday, 15 January 1953

REPORT

Continued bad flying weather has for the third time required the postponement of the resupply mission to the Zogist 4-man Apple team, which has been operating northeast of Tirana since May 1952. In view of the possibility that the team, which has described its position as "difficult", will not be able to hold out at its present location until the next moon period from 28 January to 2 February, it has been given permission to withdraw at its discretion to a safehouse in Yugoslavia for temporary refuge. The team's W/T operator, who injured his hand some time ago, is now seriously ill. (IN 28647, 15 January 1953; Apple Team last reported in Daily Log for Monday, 12 January 1953.)
