(2) This month's traffic was exclusively devoted to arrangements for a resupply drop. We received a favorable response to a control challenge proposed by RNCASTING on 13 December. This development prompted the decision to resupply Apple. It was 27 December before contact with the team was re-established and we did not receive a D/Z until December 31st. The BGFRIEND staff, Throwoff/2, the Air Section and the covert crew stood by each day from January 4th to January 12th awaiting favorable weather. The mission was attempted on the nights of 7 and 8 January but weather over the target area proved prohibitive on both occasions.

(3) Fresh attempts to resupply Apple will be made with the next full moon period. (28 January through 2 February).

(4) Throwoff/2 has proven himself to be mature, courageous and dedicated. His morale is still high.

A site was selected for the building that is to be constructed ostensibly by Mr. Petropolis for rental to us. We are now awaiting a cost estimate on the construction of this building.
