BGFIEND

W/T contact was resumed on 24 January (after a 6-day
silence) with the four man Zogist-team which has been
operating northeast of Tirana, Albania since May 1, 1952.
In the most recent message exchange, the team indicated
that they will be awaiting a resupply drop during the
present moon period from 28 January through 1 February.
An attempt to supply the team earlier this month failed
due to adverse weather conditions.
