REF. 22-CLEAG, same subject.

1. [] comments were accepted in the attitude they were given; EGFiend is equally aware of these BGNives deficiencies. However, until such a time when this project (a) gains a BGNives producing mission, (b) or the present EGFiend operating staff is expanded to allow proper attention to BGNives as such, (c) or the pouch service to BGNiddy is improved (herein lies the fundamental problem) (d) or the polished BGNives product arrives pre-packaged from RMetal, the present unhappy little summary with all of its inadequacies will have to suffice.

2. JAGGED/FIEND here is holding hope for improvement, however, when EGFiend is able to find some level of routine, and when a full working relationship is established with the JAGGED liaison officer here. He is wholly sympathetic to the pressure EGFiend is currently under, and hopeful, with us, that brighter summaries are ahead.
