EE-1 DAILY REPORT, TUESDAY 14 AUGUST 1951

BGFIEND

- 1. Details on the resupply mission to the "Cypress" team, flown on 12/13 August, have been received. In the Berat area within 15 kilometers of the drop zone, light bursts of heavy and light anti-aircraft fire were encountered. A hostile aircraft was sighted on two occasions during the flight but no interruption was encountered. No reception signals were seen at the primary drop zone or at the alternate.
- 2. A further attempt to resupply this team was scheduled for the night of 13/14 August but has been called off in view of the present situation.
- 3. Training of the next class of BGFIEND personnel began 13 August at the Wangness estate. This group of trainees is expected to be fully trained by the middle of September. A W/T operator is being fitted into each team during training.

JBEDICT

L. OPC and OSO have agreed to the field's arrangements for radio-teletype connections between the (Commo) outside of Athens and [redacted] in Athens. This is being done to eliminate the use and insecurity of couriers for this run. Agreement was given in view of assurances that [redacted] providing a reason for such traffic.

2. No report from the field on the U.S. Embassy's decision on action to be taken in the coming Greek electoral campaign. The Ambassador reports that his suggestions to the Court of the desirability of neutrality in the campaign are officially concurred in but actually not followed in practise.
