BGFIEND/PSYCH  
Lack of Consistency Between  
BGFIEND/VAL UABLE Propaganda

REF: SGAA-3858, April 1953 (not sent)

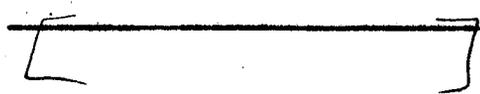

1. As pointed out in reference, BBC has on several occasions attacked the Prizren Committee as well as the leaders of BKI and Ali Klissura. HTGRUBBY, on the other hand, has taken great care not to mention the above Committee and political figures. Refugees have reported the confusion created in Albania by the inconsistency of the propaganda from various external sources.

2. Therefore, for the sake of a consistent propaganda which will give the Albanians the impression that the N.C.F.A. and their Western supporters are unified, we feel it is important that the propaganda policies of BBC and HTGRUBBY be examined for consistency by appropriate authorities. If the policies of these stations could be closely aligned and kept in step, a precedent would be established which would lend weight to our efforts to guide RFE broadcasts in the right direction.
