12 June 1953

MEMORANDUM FOR: CHIEF, POLITICAL AND PSYCHOLOGICAL WARFARE

SUBJECT: Daily Log.

RETIEND.

[] reports that Apple-2 (the reconstituted Apple base team remaining in the country) did not receive the four agents and 250 lbs. of supplies dropped to them on 4 June. The team radioed that it heard gunfire in the area on the following day and was subsequently forced to change position by the arrival of security forces. In another radio contact with Apple-3, which is exfiltrating to Greece for debriefing purposes, [] was informed that the guide wounded in a brush with the security forces on 5 June was too ill to travel. The team leader and his other guides were instructed to proceed with their exfiltration, along a new route believed less controlled by security patrols. An effort is being made to locate the missing four agents and to mount diversionary drops. All contacts with both segments of Apple will be conducted on the premise that one or both may be controlled.
