BOFIENB/PSYCH
Leaflet Program

REF: SGAW-2181, 3 July 1953; SGAW-2018, 1 July 1953

1. At present, as the BOFIEND P/W effort is concentrating on getting the news bulletin plan into being, spot leaflets have temporarily taken a back seat. However, as soon as the printing equipment is able to handle an increased work load, we will consider spot leaflets again. We can also accomplish our purpose by running a spot leaflet text on one side of the news bulletin, thereby killing two birds with one stone. As far as field clearance of spot leaflets goes and for many other matters relating to the P/W program, we are anxiously awaiting arrival. Headquarters should also be aware that BOFIEND [] is working very closely with [] in all phases of its P/W work so that proper continuity will be maintained and to prevent any problems rising with HTNEIGH and the SMOOTHERS. (See OIRA-968).

2. With respect to SGAW-2018 (not sent []) BOFIEND feels that the text which discussed the East German riots contains excellent material, but we are not proceeding with the leaflet because of our present heavy schedule. Nonetheless, the events in East Germany have not been slighted, thanks to HTGRUBBY broadcasts, and furthermore, early issues of the news bulletin will definitely highlight reports of unrest in the satellites.
