MEMORANDUM FOR: Chief, SE Division

SUBJECT : British Attitude Toward Possible
Albanian Operation

REFERENCE : DD/P Memorandum, Same Subject,
dated 10 September 1953

This will confirm our telephone conversation today. I discussed this matter last evening with Mr. Wisner. He took the position that in view of the Dulles-Sinclair conversations there was little point in holding a British-American service level meeting until a joint policy became more clear. He expressed the view that the Albanian Task Force, on which you and I will be the CIA representatives, should be able to come up with something in the relatively near future which would provide a pertinent point of departure for such a meeting. I understand that you are advising the field that the proposed meeting will be further delayed.
