Attachment to OELA-3498

10th September 1953

We agree with your Headquarters' recommendation for a monthly FIEND/VALUABLE drop schedule for the OBKEEK as an interim measure and suggest that this arrangement should continue for the remainder of 1953. The frequency of leaflet drops thereafter should we agree be the subject of discussions at the forthcoming meeting. As you are aware we have reservations about the advisability of very frequent propaganda raids.

I was recently informed by [ ] that [ ] FIEND had postponed a drop of the second OBKEEK (presumably the 1st September issue) in deference to our reservations. This drop was apparently scheduled for early September. In view of the topicality of the OBKEEK which would otherwise be lost and in view of the monthly arrangements confirmed above, I have now signalled to [ ] that we have no objections to the FIEND drop taking place providing it is carried out before 15th September.

We hope that your Headquarters will be content to regard this as the September drop. Our next drop is scheduled for early October and we cannot unfortunately advance this date. You would then take November and we December under the interim monthly arrangement.

We should be very pleased to use the OBKEEK in early October. RNLUMPIT recently informed me that [ ] could have 300,000 copies of the 1st October issue ready in FRANKFURT by 29th September. We should be most grateful if you could arrange immediate airshipment to the U.K. thereafter, to be in our hands here by 1st October.

Such an arrangement would cancel our request for the QKPALING proofs and I have informed RNLUMPIT to this effect. I should be grateful for confirmation that this is satisfactory, so that I can release our printers for other work.

In addition to the 300,000 copies of the OBKEEK we would also drop an equal number of a leaflet RNLUMPIT and [ ] are having prepared at our request. I will forward a copy when it comes to hand.
