Obverse

BROTHER AND SISTER ALBANIANS !

Your tragic situation, as well as that of the other peoples oppressed and enslaved by the criminal bolsheviks, has obliged Moscow to order the so-called "administrative reforms".

But what are these "reforms" so loudly trumpeted by the Communist propaganda?

Enver Hoxha and Mehmet Shehu have "voluntarily and generously" given up some of the numerous high posts they were holding in the Government.

The monkey-faced Dr. Omer Nishani, a living skeleton, was thrown where all the filth should go; he has totally disappeared and is heard of no more.

"We have reduced the number of Ministers" announce the town-criers of the Red regime. This is also another lie. The number of Ministries might have been reduced, but the number of Ministers has been increased. Before this change you had one ENVER holding three posts; now you also have one Beqir Balluki and one Behar Shtylla the more. So, where you had one bandit, one criminal, you now have three bandits, three criminals, the "Ministers".

In place of the dead worm Dr. Omer Nishani, you now have at the head of the People's Presidium a monster insatiable for Albanian blood. Haxhi Leshi is a true representative of the traitor family of Halit and Aqif Leshi. In bygone days it was the traitor bands of Halit Leshi which tried to occupy Tirana and overthrow the Government formed at the heroic Congress of Lushnja. Today it is Haxhi Leshi who occupies the highest post in the traitor government of Enver Hoxha. Even treason, in Communist regimes, must have its traditions in order to be respected and honoured. Bolshevism is certainly very fair !

BROTHERS AND SISTERS !

You know by experience that "Administrative reforms" do not satisfy your hunger nor heal your ills, it does not clothes or free you from the fear of the spies of the regime; it does not open your prison or concentration camp doors; it does not break the chains of slavery !

Enver and Mehmet are trying to eliminate each other, and it could not be otherwise, for also in this struggle for predomination they are aping their Kremlin masters. As a matter of fact, these sold souls know how to do one thing only, to imitate and obey Moscow; they are marionettes acting according to their masters' whims. Note also the changes in the government; they imitated and obeyed Moscow; this is the mission of Quislings; total submission to the foreign will ! This, like all the other previous governments, is a Quisling government working in the interests of Moscow.

The present government seems to be less disposed toward the application of the Soviet economic systems, because the Kremlin itself saw the failure of these systems and in them the cause that has divided the people from the Party and forced her to order the satellites to show more moderation in order to attract their peoples to the Party.

This is why the Tirana government does all it can to raise the prestige of the Party and perpetuate her bankrupt policy. Just as in our country, the Soviet policy has failed everywhere. You can see for yourselves the disastrous state to which the policy of the Communist regime has brought Albania. You better than anyone else are in a position to pass judgement on this traitor policy; you have every right to condemn and hate these butchers. Progress and happiness are achieved by deeds and not by words, and the deeds show that the Communist regime and policy have brought misery and death to the Albanian people!
