SUBJECT: GENERAL— OBOPUS/OBTUSE

SPECIFIC— Special Leaflet

REF: A. SGAW-4037, 11 February 1954  
B.  6885, 14 April 1954

1. The special trial leaflet was dropped over Tirana the night of 13 April 1954. The trial ended on 12 April and sentences were announced by Radio Tirana the evening of 13 April 1954.   had been alerted and remained on a standby basis for delivery of the leaflets. Broad coverage of Albania will be achieved by featuring the text of the leaflet in the April OBKEEK as reported in  6819, 6 April 1954. Samples and a literal translation are attached.

2. Due to mechanical breakdown at the printing shop and the pressure of other printing orders, only 204,000 leaflets were printed, and it was impossible to overprint the HTNEIGH Symbol. However, 24,000 sticker symbol leaflets were dropped thereby hoping to identify the leaflets with HTNEIGH. FYI:   advises us that this is close to the maximum number of leaflets they were able to unload over Tirana in a single pass in the B-26 at top speed.

3. Field had originally decided to use the symbol, though Headquarters proposed that for security reasons it not be used. Our thinking was that in spite of who may have sponsored the team, it did represent resistance to the present government and therefore HTNEIGH should treat these men as heroes of the resistance thereby indicating a solidarity among the exiled elements of the West.

4. JAVELIN representative has been shown the leaflet and the absence of the symbol has been explained.
