B. SGAA-5399, 6 August 1953

1. As reported in reference A., the VALUABLE 5 man LUCID Team destined for Elbasan area infiltrated into the Korca area on 19 July 1953. The team had one clear W/T contact and one W/T contact which was clearly heard in Athens but could not be heard at base in Malta. The team exfiltrated on 27 July 1953 due to mental illness of the leader. The mental illness was brought on through fear, however, the team had no difficulty during the time of infiltration, their stay within the country or exfiltration. When the leader broke down the other team members decided that the best course was to exfiltrate.

2. LUCID Team is being regrouped. Two members, including the leader, are being dropped and will be substituted by two other men. [ ] has advised this office that LUCID will be infiltrated through the Bolishte area proceeding to the Maliq-Mocan area and then to a position East of Elbasan. Headquarters will note that the LUCID Team will be passing through the FIG Tree Team area and operating in an area which may overlap the APPLE Tree Team area. [ ] has told us he will coordinate the date of infiltration with BGFIEND.
