MEMORANDUM FOR: [ ]

SUBJECT: Albanian Camp in Greece

1. It may become desirable at some time in the future to establish an Albanian camp in Greece under the ostensible control of the Albanian National Committee. The Executive Committee of the Albanian National Committee is quite anxious to participate in such an operation, but it is believed that before any serious plans are made, a definite understanding must be reached with the Greeks that they will not only refrain from interfering in any way with the camp, but will also follow a cooperative policy in regard to it.

2. It is suggested that it may be appropriate to discuss the general question of such a camp with the two representatives of the National Committee now in New York. Your comments on the general question of the camp and method of getting it started are requested.
