Security Review of Apple/2

REF: A. [] 10 December 1953
B. [] 7 January 1954

With regard to paragraph 4 of reference A., this is to inform you that we are still very much concerned with ~~determining the fate~~ ^{DEVELOPMENTS LEADING TO THE UNDOING} of Apple Team and that we have not forgotten our promise to pursue the matter further. []'s workload has not permitted him to study the tapes of W/T traffic as yet, but he will do so as soon as possible. In the opinion of the operations section there is not yet enough information at hand to make any conclusive deduction as to the fate of Apple. We are, therefore, holding our fire until such time as we have enough information to make a substantial contribution to the solution of this riddle.
