1. Reference is made to your request dated 22 August 1955 for a covert security clearance for Subject who is to be used as a covert associate in the United States under Project AECOB. Subject, who is presently in Latvia as a REDSOX Agent, is to be brought to the United States for debriefing and possible resettlement.
2. This office has determined that certain questions concerning Subject's suitability for resettlement in the United States should be resolved before a covert security clearance can be issued for Subject's use as set forth in referenced memorandum.
3. In accordance with the provisions set forth in the Director's Memorandum of 14 February 1949, entitled "Security and Operational Clearances," a covert security clearance is hereby granted so that Subject may be brought to the United States specifically for debriefing by and consultation with officials of this Agency. Subject is not to represent himself as, nor is he to be represented as an employee of CIA.
4. Your attention is called to the fact that a covert security clearance does not constitute complete compliance with the provisions of CIA Regulation 10-210. Therefore, following an assessment of Subject in the United States, if you should desire to request a change in the status or use of Subject, such a request should be submitted to this office.
5. This clearance becomes invalid in the event the Subject's services are not utilized within 60 days of the date of this memorandum.
