SUBJECT: Brief on UJNUTLET

1. The original principal of UJNUTLET was PANZINGER, former Amt 5 RSHA deputy, a late returnee recruited by the RIS to penetrate UPHILL, run as UPHILL double since 1956. At one point KUTZBACH, who first ran the case was amazed when the RIS reassured the worried UJNUTLET he would never be tried for war crimes, and KUTZBACH ~~XXXXXX~~ checked and found this absolutely so. Later the case was turned over to alias FRIESEN. Contrary to previous info, PANZINGER was arrested on war crimes charges in Bavaria and immediately committed suicide. UPHILL had arranged with a Justice Ministry official to notify them if anything ever came up on the case, and to intervene,--but the official was off on leave when UJNUTLET was arrested!

2. UPHILL had attempted to run UJNUTLET by allowing him to report as a good friend, an UPHILL CE case officer named Fritz BUSCH (V-2982). The objective was then to create an imaginary UPHILL unit run by V-2982 which the RIS would be allowed progressively to penetrate. There is no indication UPHILL duly considered that V-2982 was thoroughly blown to the RIS through a previous case in which V-2982 obviously practiced deception with respect to the facts, --and through ALBERT.

3. Under KUTZBACH this case didn't go far. Under alias FRIESEN it picked right up. FRIESEN got significant build-up material passed for passage by V-2982 through UJNUTLET. Even passed a good bit of CALETHAL material. Also set up an UPHILL headquarters staffer for the RIS (hot in a sensitive job, IN evaluation"). Of course UJNUTLET was arrested after all, and FRIESEN had the clever theory the RIS actually wanted to get rid of UJNUTLET in order to get him out of the way and eliminate one middle man. It is now clear he was quite right, as V-2982 is the bird having the meeting in Rome.

4. In brief, Friesen is running V-2982 against the RIS, who has targetted V-2982 against UPHILL. Although nobody wants to run a CE case requiring true build-up material against their own headquarters, Friesen ~~XXX~~ is obviously considered just the man to pull it off, and has the UPHILL connections to get the necessary material cleared.

5. BUSCH, PANZINGER, ALBERT,--and FRIESEN were all in the same old outfit, as were a number of other worthies who have since turned out to be RIS connected.
