Subject Recruitment of W/T Operators for  
Pastime Purposes

During a recent conversation with Leon J. MERRILL, the suggestion was made that the recruitment of emergency w/t operators could be greatly aided if we could obtain lists of German operators who had seen service during World War II. Two such reports were filed in Washington which would greatly aid our work here:

1. War Room Reports, German Hürdienst, 1945
2. First Army OSS Unit Report concerning the transport of Funkerinnen from Berlin to Hof (April - May 1945).

We realize that finding such reports on the basis of the above meager descriptions borders on the impossible, but we believe the importance of such personnel warrants the attempt being made to unearth the documents.
