Office Memorandum • UNITED STATES GOVERNMENT

TO : C. Office

DATE: 1 June 49

FROM : []

SUBJECT: Letters regarding Bergstrom

Red Cross at Westover Field did not write to Taylor, but one letter about subject was written to [], whom our informant described as a "spencer" of subject, and subject himself communicated with Carusi. Inasmuch as subject was told emphatically that all subterfuge would end with his departure from Europe and dealt with super-overtly on his departure thence, question arises whether DP office has him evert in their records here.
